Preface.....		(1)
Table of Contents.....		(2)
List of Figures.....		(5)
Chapter 1	Speech sounds in English.....	1
	The speech sounds.....	1
	The production of speech sounds.....	2
	1. Phonetics.....	2
	2. Phonology.....	3
	Articulatory phonetics.....	3
	1. Vocal tract.....	3
	2. The articulators.....	4
	3. The organs of speech.....	6
	Summary.....	15
	Questions reviews.....	16
Chapter 2	The Description and Classification of Speech sounds.....	19
	Consonants.....	19
	1. The airstream mechanism.....	20
	2. Voicing.....	20
	3. Oral or Nasal (or Nasalized) sounds.....	20
	4. Place of articulation.....	20
	5. Manner of articulation.....	23
	6. The description of consonants.....	27
	Vowels.....	29
	1. Monophthongs.....	29
	2. The description of monophthongs.....	31
	3. Diphthongs.....	32
	4. The description of diphthongs.....	32
	5. Triphthongs.....	33

Table of Contents (cont.)

		Pages
	Summary.....	34
	Questions reviews.....	35
Chapter 3	English Consonant Sounds.....	37
	Consonant sounds.....	37
	Producing consonant sounds.....	38
	Summary.....	76
	Question reviews.....	77
Chapter 4	English Vowel Sounds.....	79
	Vowel sounds.....	79
	1. Monophthongs.....	80
	2. Diphthongs.....	100
	Summary.....	114
	Question reviews.....	114
Chapter 5	The Syllable.....	117
	What is a syllable?.....	117
	Syllable structure.....	117
	Syllabic consonants.....	118
	Phonotactic patterns of English syllable.....	119
	Consonant clusters.....	121
	1. Initial consonant clusters.....	121
	2. Final consonant clusters.....	124
	Analysis of syllable structure.....	128
	1. Analysis of one-syllable words.....	128
	1. Analysis of two-syllable words.....	128
	Summary.....	128
	Question reviews.....	129
Chapter 6	Stress in English.....	131
	Stress in English.....	131
	1. Word stress.....	131

Table of Contents (cont.)

		Pages
	2. Sentence stress.....	148
	Summary.....	152
	Question reviews.....	153
Chapter 7	Linking, Thought groups and Rhythm.....	155
	Linking.....	155
	1. Understanding vowels and consonants.....	156
	2. Types of linking.....	156
	Thought groups.....	159
	1. Reasons for making thought group division.....	159
	2. Grouping words in a thought group.....	159
	3. Examples of grouping thought groups.....	160
	Rhythm.....	161
	1. Rhythmic patterns.....	161
	2. Rhythmic pattern problems of sentence stress.....	162
	Summary.....	163
	Question reviews.....	163
Chapter 8	Intonation.....	165
	What is intonation?.....	165
	Tone language vs. Intonation in English.....	166
	Types of intonational meaning in English.....	167
	Pitch levels in English.....	167
	Tone groups.....	168
	Tonic syllable.....	170
	Basic intonation patterns.....	170
	1. Final intonation pattern.....	170
	2. Non-final intonation pattern.....	174
	Summary.....	177
	Question reviews.....	177
	Bibliography.....	179

List of Figures

		Pages
Figure 1.1	The production of speech sounds.....	2
Figure 1.2	The main parts of the vocal tract.....	4
Figure 1.3	The articulators.....	4
Figure 1.4	The active articulators.....	5
Figure 1.5	The passive articulators.....	5
Figure 1.6	The source of air used in making sounds.....	6
Figure 1.7	The airstream mechanism: <i>egressive</i> and <i>ingressive</i>	7
Figure 1.8	The inside parts of the larynx from <i>front</i> to <i>back</i>	7
Figure 1.9	Open vocal cords (Voiceless sounds).....	8
Figure 1.10	Loosely-closed vocal cords (Voiced sounds).....	8
Figure 1.11	Tightly-closed vocal cords (glottal stops).....	9
Figure 1.12	The parts of pharyngeal cavity.....	10
Figure 1.13	The position of lips tightly held.....	10
Figure 1.14	The position of the <i>upper teeth</i> in contact with the lower lip.....	11
Figure 1.15	The position of the <i>upper teeth</i> in a light contact with the tip of tongue.....	12
Figure 1.16	The position of the <i>teeth ridge</i> in a light contact with the tip (blade) of tongue.....	12
Figure 1.17	Nasal tract blocked; oral sounds produced.....	13
Figure 1.18	Nasal tract open; oral tract blocked; <i>nasal sounds</i> produced.....	13
Figure 1.19	Nasal tract open; oral tract also open; <i>nasalized sounds</i> produced.....	14
Figure 1.20	State of the soft palate.....	14
Figure 1.21	The outline of organs of speech.....	15
Figure 2.1	Classifying English consonants according to the place of articulation.....	23
Figure 2.2	The plosive sounds in English.....	24
Figure 2.3	The affricate sounds in English.....	24
Figure 2.4	The nasal sounds in English.....	24

List of Figures (cont.)

		Pages
Figure 2.5	The fricative sounds in English.....	25
Figure 2.6	The lateral sound in English.....	25
Figure 2.7	The frictionless continuant sound in English.....	25
Figure 2.8	The semi-vowel sounds in English.....	26
Figure 2.9	Classifying English consonant sounds according to manner of articulation.....	26
Figure 2.10	The vowel diagram.....	30
Figure 2.11	The vowel lip postures.....	31
Figure 2.12	Classifying English pure vowel sounds in terms of three factors...	32
Figure 3.1	Phonetic symbols of English Consonant sounds.....	38
Figure 3.2	The diagram for the sound /p/.....	38
Figure 3.3	The diagram for the sound /b/.....	40
Figure 3.4	The diagram for the sound /t/.....	41
Figure 3.5	The diagram for the sound /d/.....	43
Figure 3.6	The diagram for the sound /k/.....	44
Figure 3.7	The diagram for the sound /g/.....	45
Figure 3.8	The diagram for the sound /tʃ/.....	47
Figure 3.9	The diagram for the sound /dʒ/.....	48
Figure 3.10	The diagram for the sound /m/.....	50
Figure 3.11	The diagram for the sound /n/.....	51
Figure 3.12	The diagram for the sound /ŋ/.....	53
Figure 3.13	The diagram for the sound /l/: clear [l].....	54
Figure 3.14	The diagram for the sound /l/: dark [ɫ].....	55
Figure 3.15	The diagram for the sound /f/.....	57
Figure 3.16	The diagram for the sound /v/.....	58
Figure 3.17	The diagram for the sound /θ/.....	60
Figure 3.18	The diagram for the sound /ð/.....	61
Figure 3.19	The diagram for the sound /s/.....	63
Figure 3.20	The diagram for the sound /z/.....	65

List of Figures (cont.)

		Pages
Figure 3.21	The diagram for the sound /ʃ/.....	66
Figure 3.22	The diagram for the sound /ʒ/.....	68
Figure 3.23	The diagram for the sound /h/.....	70
Figure 3.24	The diagram for the sound /r/.....	71
Figure 3.25	The diagram for the sound /w/.....	73
Figure 3.26	The diagram for the sound /j/.....	74
Figure 4.1	Phonetic symbols of English vowel sounds.....	80
Figure 4.2	Front vowel sounds.....	80
Figure 4.3	The diagram for making the sound /i:/.....	81
Figure 4.4	The diagram for making the sound /ɪ/.....	82
Figure 4.5	The diagram for making the sound /i:/.....	84
Figure 4.6	The diagram for making the sound /æ/.....	85
Figure 4.7	Central vowel sounds.....	86
Figure 4.8	The diagram for making the sound /ʌ/.....	87
Figure 4.9	The diagram for making the sound /ɜ:/.....	88
Figure 4.10	The diagram for making the sound /ə/.....	90
Figure 4.11	Back vowel sounds.....	92
Figure 4.12	The diagram for making the sound /ɑ:/.....	92
Figure 4.13	The diagram for making the sound /ɒ/.....	94
Figure 4.14	The diagram for making the sound /ɔ:/.....	95
Figure 4.15	The diagram for making the sound /ʊ/.....	97
Figure 4.16	The diagram for making the sound /u:/.....	98
Figure 4.17	Gliding vowel sounds towards [ɪ]:/eɪ, aɪ, ɔɪ/.....	100
Figure 4.18	The diagram for making the sound /eɪ/.....	101
Figure 4.19	The diagram for making the sound /aɪ/.....	102
Figure 4.20	The diagram for making the sound /ɔɪ/.....	104
Figure 4.21	Gliding vowel sounds towards [ʊ]:/aʊ, əʊ/.....	105
Figure 4.22	The diagram for making the sound /aʊ/.....	106
Figure 4.23	The diagram for making the sound /əʊ/.....	107

List of Figures (cont.)

		Pages
Figure 4.24	Gliding vowel sounds towards [ə]: /ɪ ə, e ə, ʊ ə/.....	109
Figure 4.25	The diagram for making the sound /ɪ ə/.....	109
Figure 4.26	The diagram for making the sound /e ə/.....	111
Figure 4.27	The diagram for making the sound /ʊ ə/.....	112
Figure 5	An example of Syllable structure.....	118
Figure 6.1	Comparison of syllable-timed and stress-timed patterns.....	132
Figure 6.2	Comparison of stressed syllables with stress shift.....	135
Figure 6.3	The placement of the <i>primary</i> , <i>secondary</i> and <i>weak stresses</i>	137
Figure 6.4	Showing how weak and strong forms are pronounced.....	150
Figure 6.5	Showing weak form affected by the replacement of a vowel phoneme by either /ə/, /ɪ/, or /ʊ/.....	151
Figure 7.1	Showing the letters of English vowels and consonants.....	156
Figure 7.2	Showing the words ending and beginning with the letters and the sounds.....	156
Figure 7.3	Comparison of stress-timed and syllable-timed rhythm.....	162
Figure 8	Showing tone pitch in change of Cantonese and Thai languages...	166
